“As a smaller operator offering ice cream/frozen food helps maintain/win new accounts as if we were a big operator.”

“...gives us the niche a smaller operator needs to survive in an industry that is ever so rapidly changing.”

“...in a bank of equipment, always has the look of a fully stacked vender... is professional and presents itself well.”

“Offered food and ice cream increases sales and eliminates waste... a win-win, all in one machine.”

-Ken Adler / HGA Services
